# GAFFERS COMMENTS

This season the aim is to bring trophies to Hatfield Town Football Club. I believe our playing style along with the group of players we have, will be able to challenge on all fronts this season. Since taking over the club, I have seen a lot of development from the players, from the under 21's through to the first team and I am delighted with how they have been adapting to the new culture and tactics I am implementing here. There was a lot to learn from last season which myself and the players have used to fuel us this year to have a successful season. I would like to especially thank Noel Sritharan & Vennicea Yethman for the continued support and loyalty they have shown myself and the club. This season is going to be an intense and competitive season for all the clubs involved, making it exciting as a whole for the league going forward. The new kit this year is symbolic of new changes, philosophy and play style I have begun implementing to this club already from the back end of last season, right into this new season. For the Hatfield Town fans I promise to bring you exciting, attractive football throughout my rein here and I will make it goal to have you celebrating the Bullz bringing a trophy home.

# ONE TO WATCH

---

## **Hatfield Town FC's player to watch is 16-year-old, Bradley Ismaili.**

The one to watch this week is Bradley Ismaili. The 16 year old ace is in a sublime run of form and he hopes to continue that on Saturday in the cup quarter final which will be his 60th game of the season. It's a trophy the wonderkid has set his eyes on to win this season as winning is a second nature to him, winning his first trophy at the age of 4. The teenage sensation was born and raised in North London and has grown up trying to emulate the greats.

Gerrard, Lampard, Xavi, Pirlo & Zidane are some examples of the calibre of player he looks up to but when asked about a player he tries to learn from the most in today's games he says "Thomas Partey, the way he dictates a game both on the ball and off the ball for his team is truly sensational and I believe he is a big factor as to why Arsenal are dominating the league"
