HATFIELD TOWN YOUTH

GAFFERS COMMENTS

First off I would like to say thank you for all the support shown to me since I took over the club, as you may have heard I am delighted the new Chairman of Hatfield Town Football Club and currently the interim manager of the first team. My vision is to bring a winning mentality and hunger to the club, changing the club ethos to achieve league and cup success. There are a few people I would like to thank for this transition starting with Dan Watt, Ted Collie, Samarna Collington, Dan Hedges, Kelly Vinall, Lewis Johnson, Elbert Carter, Noel Srithiran, Vennecia Reid-Yethman, Karl Onwere and all the coaches in the youth academy. Since I have come in you can already see signs of our new play style implemented in the team, this is the new way going forward from the first team right down to the youth.

We will be looking to end the season on a high, pushing to win our remaining fixtures and regrouping for next season playing in our new kit.

Once again thank you for the support of myself and the team as we look towards a successful future. #UpTheBullz

ONE TO WATCH

Hatfield Town FC's player to watch is 16-year-old, Bradley Ismaili.

The one to watch this week is Bradley Ismaili. The 16 year old ace is in a sublime run of form and he hopes to continue that on Saturday in the cup quarter final which will be his 60th game of the season. It's a trophy the wonderkid has set his eyes on to win this season as winning is a second nature to him, winning his first trophy at the age of 4. The teenage sensation was born and raised in North London and has grown up trying to emulate the greats.

Gerrard, Lampard, Xavi, Pirlo & Zidane are some examples of the calibre of player he looks up to but when asked about a player he tries to learn from the most in today's games he says "Thomas Partey, the way he dictates a game both on the ball and off the ball for his team is truly sensational and I believe he is a big factor as to why Arsenal are dominating the league"

BULLZ CHAT

Hatfield Town FC's Captain Ethan Hughes took time to speak with us and share his thoughts on the club

How have you found the new playing style under the new ownership?

The transformation of Hatfield Town FC has been a fresh and exciting period. Playing great football with a talented group of players has been something I've really enjoyed. The competitive nature and high level quality in training has been vital in our upturn in results. Marce and the players are doing a fantastic job and I hope we can continue our excellent form and entertaining play style.

What advice would you give to someone joining the new Hatfield Town FC?

Get ready for an exciting and challenging environment, with a fantastic group of players on and off the pitch. Where hard work, quality and attention to detail is the basic expectation. We're an ambitious side with high hopes for the future and always looking to improve.

Where do you feel the club will finish this season and what would you say is the main target for next season?

Obviously our highest priority is promotion and we will never rule out the possibility of the league title. Our job is to stay focused, work hard and take it game by game. For us, the sky is the limit we hope to be pushing for promotion again next season.

HATFIELD TOWN YOUTH

Since the takeover in January by Marce and Sam there has been a sense of optimism and excitement amongst the coaches at the club. The plans that Marce has can only strengthen and improve the quality of youth teams we already have at club.

In the time I've been youth chairman I've managed to watch and observe all the teams play and each team is playing with an exciting brand of football with talented players in every age group.

All our teams have done brilliantly this season with our u15 girls battling at the top of their league, the u13s reaching the semifinals of their division cup and our u14s reaching the final of the league shield. Our u7s, u9s and u11s have continued to go from strength to strength each week.

Finally regards to all the coaches at the club we have a great bond between us and all enjoy a bit of a laugh and some banter but we are always there to help each other weather it's chatting about training ideas or refereeing each other's matches. The club wouldn't function without them. So thank you to Elbert, Lewis, Kelly Dan hedges, Kieron and the many assistant coaches at the club. - Dan Watt

The club has a good feel factor about it! Excited to see what the future holds for the youth of Hatfield town fc! - Elbert Carter
