WELCOME TO HATFIELD TOWN FOOTBALL CLUB

A WARM WELCOME TO YOU ALL FOR TODAY'S MATCH AGAINST BUSH HILL RANGERS!

Including today, 9 of our last 10 fixtures have been played at the Leisure Centre. Did we play all our away fixtures before Christmas?

Anyway, we've had some great results against the top teams this season. An example of this is that we were unbeaten against St Albans Reserves this season and they're sitting in 1st. Another would be the score draw against 3rd placed Cuffley Seniors last time out. That certainly went against our recent form.

Let's see if we can go one better against 4th place today.

Let's go #Stagz!

A MESSAGE FROM THE CHAIRMAN:

"We have our work cut out for us once again"

Good afternoon and a warm welcome to you all.

That's more like it! A 1-1 draw against a team vying for promotion. The lads worked hard for that one I can tell you.

However, it doesn't get any easier. Bush Hill sit just below Cuffley in the table. We have our work cut out for us once again.

Let's go out there and get another result.

COME ON THE STAGZ!

Johnny Shearer

OUR MAIN SPONSOR:

Deakin-White

Deakin-White

Deakin-White is an Independent family run boutique Real Estate Agent. Founded in 2015 by Mother & Son, Christine & Ed Harrison, we have established ourselves as the local leading agent and now cover the three counties of Herts, Beds and Bucks. Our Head Office is based in The Quadrant Shopping Centre in Dunstable.

We can help with Residential & Commercial Sales, Lettings, Auctions & Mortgages. We are members of The Federation of Independent Estate Agents and have won several awards. If you are thinking of moving now or in the near future and would like some advice on the current market please contact us, we would be happy to help.

#STAGZ

A word on today's opponents, Bush Hill Rangers and their history...

Bush Hill Rangers were founded by Soner Mustafa in 2003. Starting out as an U12s team, the club grew to incorporate a number of youth teams in different age groups. In 2011, the U18s team were looking to progress into senior football. This led to an agreement between themselves and former football club Goffs Oak, in which they would play as their reserve team. They would go on to win the 1st division of the Herts Senior County League in their debut season.

Bush Hill Rangers are two time champions of the Herts Senior County League in 2011/12 and 2018/19.

The following year would see the two teams merge into one, dropping Goffs Oak in favour of Bush Hill Rangers. 2014 saw the club switch to the Spartan South Midland League.

A further merger with Woodford Town FC saw the club take on its name in 2015. The same year saw the team win their only cup (the Middlesex County FA Senior Premier Cup). This only lasted a couple of years as issues with the pitch at Goldsdown Road meant that the club had to sit out the 2016/17 season. Ultimately, the club dropped out of the Spartan South Midlands League.

However, in 2018, Mustafa reformed Bush Hill Rangers as the club we'll be playing today. They joined the Herts Senior County League in the same year and again won the division 1 title at the first time of asking. They have remained in the premier division ever since. They now play their home games at Wodson Park, ground sharing with fellow league side Ware Sports along with several other clubs. The team is managed by Mustafa's brother, Ali.

FIRST TEAM

Check out the latest news on the first team squad!

The season has reached the halfway point, and it's safe to say the Stagz aren't quite charging in the way we all hoped in the summer.

A huge squad turnover in the summer was always going to be an obstacle to conquer and that definitely showed in the early stages of the league. It took a while for the players to get going, but once they did they put some very impressive performances and results on the board.

In recent matches, the results have started to slip into inconsistency.

The cup defeat on penalties was a huge blow to the lads, and the hangover continued into the league with a heavy 4-1 defeat immediately after. A sign of a good team is the way they bounce back from disappointment, and right now the Stagz are struggling to find the recovery they need to push on into the second half of the season.

It's time for Ray and the coaching team to work their magic and turn this form around. The club finds itself in a position where we can start to climb the table with the right results, but it's up to us to get out there and find them.

It's only a matter of time before this group of players can turn things around and start climbing the table. Results this season have shown they can give the best teams a game when they all pull together, and currently they find themselves only a win or two away from leaping up several league positions.

It's time for Ray and the coaching team to work their magic and turn this form around.

We've come to the make or break part of the season. It's time for the lads to show their character and dig out victories when previously

they could only manage a draw. The potential is there, now let's see just how good we really are!

YOUNG STAGZ

Here's our roundup on how the Young Stagz are performing!

So far this season, the young stagz have been putting in some almighty performances.

Both our U10s and U14 have been putting in some impressive performances in their respective competitions, with the ball hitting the back of the net plenty of times over the games, giving the fans a lot to cheer about!

Off the pitch, things are looking just as encouraging. Youth player development is a key factor for the Stagz, and there's no better feeling than when it all pays off. We're incredibly excited to announce that our very own chairman's son has been picked up by the Juventus Academy in London, and we can't wait to see how he gets on in the future.

As always, the club is on the lookout for the newest generation of footballers, both boys and girls. More information can be found [here](#).

STAGZ TO RICHES!

Did you know we also have a virtual team? Well now you do!

M4J returns with a brand new series featuring the Stagz, and this time he's gone even bigger!

Stagz To Riches once again sees the Stagz attempt to become the most successful club in the world, but this time with a twist. Everything is based on the Moneyball principle, where players are scouted based on underrated stats. A midfielder with poor shooting for example may still make the team due to their pinpoint accuracy on free kicks. Fullbacks that are quick and can cross may be favoured over those who can tackle. Each player will be judged by their individual merits, and this is also true when it comes to the finances.

The name isn't just a pun. This time the save is all about profit. No club wants to lose their best players, but if an offer too good to refuse comes in, it will be accepted. Sure the club will lose a great player, but hopefully there will be another knocking on the door ready to fill the void. Hatfield Town

will become a conveyor belt of talent, be it through youth development or speculative player purchases. The aim of the game is make the club successful on and off the pitch. By the time the final credits roll, the plan is to be champions of every tournament going and to be the richest club in the world!

Stagz to Riches will once again see the Stagz attempt to become the most successful club in the world!

Just like last year, we'll be starting with the real life squad in the Herts Senior County League. Every player has been added to the Football Manager database keeping as true-to-life as possible, with some artistic

license applied when needed. Ideally this squad will stay together for at least the first few seasons, with some possibly even making it all the way to the Football League. Either way, these lads will stay with the club for as long as possible. If they retire, there's a coaching spot with their name on. If they leave, the door is always open for an epic return. This is Hatfield Town, and this is the Stagz.

Check out the series so far on the opposite page, and give The Real Hatfield Town a watch while you're there too!
