WELCOME TO HATFIELD TOWN FOOTBALL CLUB

A WARM WELCOME TO YOU ALL FOR TODAY'S MATCH AGAINST CUFFLEY SENIORS!

Results haven't gone our way of late. Our last game against Ware Sports unfortunately followed suit. Both teams had goal scoring opportunities, but Ware were able to capitalise where we could not.

We've had an extra week to prepare for today's match and it was certainly needed for this opponent. Cuffley were top of the pile until most recently and have been scoring goals for fun all season.

Time for us to become only the 4th team to beat Cuffley this season.

Let's go #Stagz!

A MESSAGE FROM THE CHAIRMAN:

"A challenge awaits the lads today. One I hope they can rise to."

Good afternoon and a warm welcome to you all, especially our visitors from Cuffley Seniors.

This match was supposed to be played exactly 1 month ago. The weather was not kind to us on that day. Hopefully, that is not the case today.

A challenge awaits the lads today. One I hope they can rise to.

COME ON THE STAGZ!

Johnny Shearer

OUR MAIN SPONSOR:

Deakin-White

Deakin-White

Deakin-White is an Independent family run boutique Real Estate Agent. Founded in 2015 by Mother & Son, Christine & Ed Harrison, we have established ourselves as the local leading agent and now cover the three counties of Herts, Beds and Bucks. Our Head Office is based in The Quadrant Shopping Centre in Dunstable.

We can help with Residential & Commercial Sales, Lettings, Auctions & Mortgages. We are members of The Federation of Independent Estate Agents and have won several awards. If you are thinking of moving now or in the near future and would like some advice on the current market please contact us, we would be happy to help.

TODAY'S OPPONENTS

A word on today's opponents, Cuffley Seniors and their history...

Cuffley FC was founded in 1954 under the philosophy of "football for all."

This has resulted in Cuffley having 25 active teams across different leagues, age groups and genders (well, 2 genders currently).

Cuffley FC was founded in 1954 under the philosophy of "football" for all.

The club has always been based at the King George V playing fields on Northaw Road. However, as the number of teams grew, they branched

out and established the Goffs Churchgate Academy over in Cheshunt. They now have access to more than 15 pitches and can accommodate for teams of different sizes.

In 2017, the clubhouse situated on the King George V playing fields underwent a full refurbishment. It now boasts a modern bar which (as well as providing fans with drinks on matchdays) can be hired for birthday parties, wedding receptions and any other function you can think of.

We will be going up against the first team today. Draws in their last two outings have cost Cuffley their spot at the top of the table. They will be looking to rectify that today and their overall form shows that they are more than capable.

FIRST TEAM

Check out the latest news on the first team squad!

The season has reached the halfway point, and it's safe to say the Stagz aren't quite charging in the way we all hoped in the summer.

A huge squad turnover in the summer was always going to be an obstacle to conquer and that definitely showed in the early stages of the league. It took a while for the players to get going, but once they did they put some very impressive performances and results on the board.

In recent matches, the results have started to slip into inconsistency.

The cup defeat on penalties was a huge blow to the lads, and the hangover continued into the league with a heavy 4-1 defeat immediately after. A sign of a good team is the way they bounce back from disappointment, and right now the Stagz are struggling to find the recovery they need to push on into the second half of the season.

It's time for Ray and the coaching team to work their magic and turn this form around. The club finds itself in a position where we can start to climb the table with the right results, but it's up to us to get out there and find them.

It's only a matter of time before this group of players can turn things around and start climbing the table. Results this season have shown they can give the best teams a game when they all pull together, and currently they find themselves only a win or two away from leaping up several league positions.

It's time for Ray and the coaching team to work their magic and turn this form around.

We've come to the make or break part of the season. It's time for the lads to show their character and dig out victories when previously

they could only manage a draw. The potential is there, now let's see just how good we really are!

YOUNG STAGZ

Here's our roundup on how the Young Stagz are performing!

So far this season, the young stagz have been putting in some almighty performances.

Both our U10s and U14 have been putting in some impressive performances in their respective competitions, with the ball hitting the back of the net plenty of times over the games, giving the fans a lot to cheer about!

Off the pitch, things are looking just as encouraging. Youth player development is a key factor for the Stagz, and there's no better feeling than when it all pays off. We're incredibly excited to announce that our very own chairman's son has been picked up by the Juventus Academy in London, and we can't wait to see how he gets on in the future.

As always, the club is on the lookout for the newest generation of footballers, both boys and girls. More information can be found [here](#).

THE VIRTUAL HATFIELD TOWN

Did you know we also have a virtual team? Well now you do!

The Real Hatfield Town is well and truly over now, and it's time for the new series to take its place. Stagz To Riches will once again see the Stagz attempt to become the most successful club in the world, but this time with a twist.

Everything will be based on the Moneyball principle, where players will be scouted based on underrated stats. A midfielder with poor shooting for example may still make the team due to their pinpoint accuracy on free kicks. Fullbacks that are quick and can cross may be favoured over those who can tackle. Each player will be judged by their individual merits, and this is also true when it comes to the finances.

The name isn't just a pun. This time the save is all about profit. No club wants to lose their best players, but if an offer too good to refuse comes in, it will be accepted. Sure the club will lose a great player, but hopefully there will be another knocking on the door ready to fill the void. Hatfield Town will become a conveyor belt of talent, be it through

youth development or speculative player purchases. The aim of the game is make the club successful on and off the pitch. By the time the final credits roll, the plan is to be champions of every tournament going and to be the richest club in the world!

Stagz to Riches will once again see the Stagz attempt to become the most successful club in the world!

Just like last year, we'll be starting with the real life squad in the Herts Senior County League. Every player has been added to the Football Manager database keeping as true-to-life as possible, with some artistic license applied when needed. Ideally this squad will stay together for at least the

first few seasons, with some possibly even making it all the way to the Football League. Either way, these lads will stay with the club for as long as possible. If they retire, there's a coaching spot with their name on. If they leave, the door is always open for an epic return. This is Hatfield Town, and this is the Stagz.

Check out the Stagz To Riches reveal trailer on the opposite page, and watch the full Real Hatfield Town playlist while you're there too!
